RALEIGH HONG KONG (RHK)

Locally registered and committed to inspiring Hong Kong youth to explore their full potential and to strengthen their commitment and contribution to the society through participation in community services, environmental conservation, scientific research and adventurous projects which are conducted worldwide and locally.

RHK provides powerful leadership training tools and opportunities for your students to challenge themselves and learn real life experience from organizing social services and large scale public campaigns.

PURPOSE

To inspire people with a sense of life-purpose and self-belief by involving themselves more deeply with people, places, communities and challenges they would never expect to encounter nor believe they could experience.

VISION

By 2015 Raleigh will be recognised as an international movement creating a global community of citizens passionate about making a real difference to their world.

WHAT YOUR STUDENTS CAN BENEFIT FROM RALEIGH EXPERIENCE

Your students will experience a transform in the knowledge of one's strengths and weaknesses, our local community and global citizenship. Our Raleigh Experience is divided into 4 stages:

1) Recruitment

Start from being a RHK volunteer or just attend our sharing sessions - learn how Raleigh Venturers are transformed from the Raleigh Experience to empower one's strengths and a global perspective. To join Raleigh, you need to go through a 30-hour physically and mentally demanding camp in which young people encounter challenges on their beliefs, attitude, communication skills and leadership style. Selected one become Raleigh Venturers, who are eligible to apply for our Bursary and further step up the challenges in Raleigh
